TALAMBA REFLOATED

Difficult Salvage Task Accomplished

VESSEL AT KOWLOON DOCKS

After nearly three months of preparation work, the British India Steam Navigation Company, Limited's vessel, Talamba, which was driven aground off Devil's Point in Lyeemun Pass on the morning of September 2 when Hong Kong was hit by the most disastrous typhoon in the history of the Colony, was successfully salvaged by the Kowloon Docks yesterday.

The salvage was probably one of the most difficult that has ever been accomplished in the Far East involving as it did a tremendous amount of ground work before any definite step could be taken towards refloating the liner.

The Talamba, which is of 8,018 tons, was in Kowloon Bay when the typhoon struck the Colony and was carried on to rocks off Devil's Point where she remained in a precarious position. After preliminary examination salvage work was gradually put into operation. The bow of the ship was in water up to the white line. Many calculations had to be worked out as to the best course of getting the Talamba off from the position she was in.

SANDBAGS USED

In the course of work in preparation of refloating the ship, two lighters were sunk and were used

as brackets. The lighters were filled with sandbags. It is learned, and yesterday at high tide the bags were cut and the sand released thus helping to raise the vessel clear of the rocks.

The refloating operations were finalised shortly before 9 a.m. The Kowloon Docks tug Henry Keswick, the tug Edith, and several other tugs, including Tai-woo's, assisted in towing the Talamba, which was seen entering Kowloon Bay at 1.20 p.m.

By 2.30 p.m. the Talamba was tied to a buoy outside the Kowloon Docks. The Henry Keswick's stern (Continued on Back Page)

MORE JAPANESE REQUESTS

CHINESE ASKED TO DISBAND KUOMINTANG

Shanghai, November 21: A Japanese spokesman announced that "in view of the changed situation in the vicinity of Shanghai" the Japanese authorities have requested the administrations of the International Settlement and the French Concession firstly, to suppress all anti-Japanese propaganda whether by posters, movies, theatricals, radio, "traitor hunting," etc., also to disband anti-Japanese organisations including the Kuomintang; secondly, to close all Chinese Government organs whether national or local and effectively to supervise the activities of the Chinese Government and Party leaders; thirdly, to prohibit Chinese censorship of communications both postal and telegraphic; fourthly, to suppress Chinese censorship of the Chinese press and news services and, fifthly, to suppress unauthorised wireless communications by the Chinese.

The spokesman said that "should the steps taken prove unsatisfactory inasmuch as not to create the desired result, the Japanese Expeditionary Force reserves the right to take whatever measures it considers necessary."

The Shanghai Municipal Council, governing body of the Settlement, has replied agreeing to take steps to comply with the requests so far as it was able. A similar reply was received from the French Concession authorities.—Reuter.

THE WEATHER

Hong Kong had its first sample of typical late November weather yesterday when the temperature fell eight degrees as compared with the previous day. The temperature on the Peak district last night was 53 degrees.

On November 21, last year, the mean temperature for the day was 68.1 degrees, the maximum 75 degrees, and the minimum 62.4 degrees.

BRITISH EMBASSY

Removing From Nanking On Wednesday

Nanking, Nov. 21: The British Embassy will not be removing from Nanking until Wednesday owing to the presence of important Chinese Government officials, including Generalissimo Chiang Kai-shek, Chairman of the Military Affairs Commission, Mr. Wang Chung-hui, Foreign Minister, and General Chang Chun, Secretary General of the emergency Government. The British Embassy party will be going up river by H.M.S. Bee while H.M.S. Cricket will be standing by to take off the British Consul, Mr. Frideaux Byrne, and the British community of about twenty persons in the event of disturbances ashore.—Reuter.

SOVEREIGN RIGHTS IN SETTLEMENT

Shanghai, Nov. 21.

A Japanese spokesman, replying to a question, said that the Japanese required acknowledgment on the principle that they had the right to take over all sovereign rights within the Settlement and the Concession formerly exercised by the Chinese Government.—Reuter.

JAPANESE CLAIM SUCCESSES

Shanghai, Nov. 21.

The Japanese claim further advances on the entire front including the occupation of Wangting on the Shanghai-Nanking Railway, halfway between Soochow and Wushu, and said that the retreating Chinese troops were subjected to extensive bombing and machine-gunning by Japanese aircraft.—Reuter.

RECAPTURE OF CITY BY CHINESE

GUERRILLA WARFARE

Tsinan, Nov. 21.

The Chinese recapture of Shanghai on the north bank of the Yellow River on the Tientsin-Pukow Railway heralds the beginning of guerrilla warfare between the Chinese and Japanese, who face attackers everywhere and nowhere. Heavy snow fall impedes the progress of fighting.

Many people are evacuating Tsinan, although the Japanese bluejackets give no indication of a desire to land there. American nationals in Tsinan are prepared to repair to their gunboats in the harbour, as the situation is aggravated by the suspension of the Tsinan-Tsinan Railway.

No progress is reported from the Peiping-Hankow Railway front where the Chinese troops are entrenched in Anyang in north Honan close to Hopen. Japanese troops attempted to storm Siniang-ning Monastery, near Anyang without success.—International News Agency.

THE TYPHOON

WILL PROBABLY RECURVE

The usual harbour precautionary measures were taken yesterday following the hoisting of the No. 1 typhoon signal at the Royal Observatory at 10 a.m.

At mid-day the storm was reported to be 300 miles south-east of Hong Kong, moving in a north-north-westerly direction.

At 5.30 p.m. the Royal Observatory reported that the typhoon was stationary or moving very slowly about 200 miles south-east of Hong Kong and would probably recurve.

JAPANESE DESIGNS ON S. CHINA

Amoy, Nov. 21.

Japanese designs on South China are based on three routes between Amoy and Swatow to harass the Kwangtung-Fukien coast, the Tongkwan route to annoy Canton and vicinity and the Hoihow route to fret South Kwangtung.

Japanese warships were seen along the coast of these two provinces yesterday, although they did not indicate any special movement. The shore garrisons are under constant vigilance against untoward incidents.—International News Agency.

Nanchang, Nov. 21: With the moral support of the Powers and with a united national front China will win the final victory in a long-drawn-out war, declared Mr. Yu Yu-jen, President of the Control Yuan, when interviewed by the Central News Agency upon his arrival here yesterday from Nanking on his way to Chungking, the new site of the National Government.

The removal of the National Government to Chungking, Mr. Yu said, indicates China's determination to resist the aggressor nation to the bitter end.—Central News.

HONG KONG AND CANTON SURGICAL UNIT

Splendid Work At The Front

Within a week of the receipt of a wire from Mr. T. V. Soong for urgent medical relief service, a complete surgical unit was organised in South China, equipped and despatched to the Shanghai Front. Three days later the Unit arrived at Shanghai, and was subsequently given the charge of the modern Chung Shan Memorial Hospital, situated outside the Settlement.

The Unit is so called because it comprises of personnel from Canton, and is supported by medical relief organisations of Hong Kong, of which the Hong Kong branch of the National Women's Relief Association is the main supporter.

The Unit is headed by Dr. Paul J. Todd, and includes such experienced Cantonese surgeons as Dr. T. K. Wong, Dr. David Wong, Dr. Matthew Wong, etc., together with 33 fully qualified nurses and dressers.

On arrival they were met by representative of Mr. T. V. Soong, Chairman of the National Economic Council, and of the Central Chinese Medical Association. Within a few days of their arrival, the Unit was busily employed; and their hospital was rapidly filled with wounded soldiers.

Towards the end of October the Japanese advance in the vicinity of the hospital made it imperative that the hospital authorities obtain a guarantee of safety for the staff and patients. Accordingly, the Japanese Consul General was approached, but although he consented to protect the hospital staff and patients, he made it a condition that if there should be any sniping in the vicinity of the hospital Japanese troops would retaliate. As a result, not only Dr. Todd's unit but also the Second International Red Cross group of foreign doctors under Dr. F. C. Yen decided to evacuate, as the guarantee was couched in such vague and unsatisfactory terms. Evacuation was completed on October 30. That evacuation was necessary was proved when that locality was subsequently bombed and burned.

Miss Valerie Brooke And Wrestler

London, Nov. 21.

Miss Valerie Brooke, youngest daughter of the Rajah of Sarawak, Sir Charles Brooke, had arranged to marry Mr. Robert Gregory, the well-known wrestler, yesterday afternoon but the wedding did not take place. Miss Brooke is reported to have telephoned the bridegroom postponing the ceremony.

It was stated at her flat that she was out of town but that the wedding would be definitely held on December 20 which was the date originally fixed.

It will be recalled that when the engagement was announced on October 31, the Ranees, when asked to confirm the report said: "Neither the Rajah nor myself have anything to say on the subject."

Miss Brooke's elder sisters are Lady Incheape and Mrs. Harry Roy, popularly known as "Princess Pearl".—Reuter.

ART CLUB EXHIBITION
REFLECTIONS

MISS WHITHAM'S FINE STUDY

MRS. PFISTER'S PASTELS EXCEL

It must be the unanimous opinion of all who visited the Hong Kong Art Club's exhibition held during the past week at Gloucester Building, that the exhibits displayed were on the whole of a high standard and in keeping with past exhibitions of this Club. It was, to put it shortly, an hour well spent amidst a feast of water colours, pastels, oils and ivory carving, the whole of which together formed a most pleasing variety.

There were twenty-three exhibitors and a total of 183 exhibits. Though the works of Kae Horsburgh were included in the catalogue they were not on view as her entries were too late. Mr. A. Mitchell's entries were exhibited but they apparently did not arrive in time for inclusion in the printed catalogue.

An hour's intensive viewing of over 180 exhibits is perhaps, from the art lover's point of view, insufficient to do full justice to a complete criticism. Hence the title of this article.

The hanging of the pictures was well arranged, in alphabetical order, and each one was numbered and the title contained in the catalogue. Prices ranged from \$10 to \$200. Spectators moved from gallery to gallery, to and fro, often returning for a second and third look. There were visual expressions of admiration for this picture of a junk or that painting of a harbour scene.

MISS WHITHAM'S WORK

Among the portrait studies on view the works of Miss M. Whitham were outstanding and in the writer's opinion her study, "Head of a Young Girl" was the best in the exhibition. It was the head of a typical Chinese girl and the facial expression was splendid. All the characteristics of the Chinese face were there and with deft touches Miss Whitham gave the study life.

Miss S. Mackichan's two charcoal portraits were skillfully executed and here too facial expressions were not lost.

Mrs. A. N. Macfadyen's portrait studies in pencil were commendable.

MRS. PFISTER'S PASTELS

The works of Mrs. M. O. Pfister were the best among the pastel studies. She had three of Hong Kong garden scenes and several of Chinwangtao which were really beautiful. "The Downs," "Harvest" and "Before the Storm" called for special comment.

In this category, Mrs. C. B. Brown had some neat studies but the majority of her works lacked the clean finish of those of Mrs. Pfister. "Looking from Mount Kellett" was the best of Mrs. Brown's efforts.

Among the wealth of water colours, Mrs. H. C. J. Asche scored with a truly delightful study of the Peak from Kowloon. The natural beauties of Hong Kong's harbour with its multifarious craft and activities were fully captured. Priced at only \$30 the writer suggests that the purchase of this study would be a sound investment for the Hong Kong Travel Association to adorn their Kowloon kiosk. Mrs. Asche also had a few other splendid scenes.

MR. WONG SIU-LING

Mr. Wong Siu-ling was the best among the Chinese exhibitors. This artist's work had a good, wholesome finishing touch and this was easily seen in his landscapes of Kwelin, Kwangsi, and local scenes. "In the Dockyard" was very effective as was "Sunset" and a study in clouds.

The work of Mr. Lee Byng was highly commendable and the writer is given to understand that his study, "Hong Kong Night," was considered one of the best pictures in the whole exhibition. Two studies of Kam Tin in the New Territories, one each of Shaikwan, Stonecutters Island and "Unloading" attracted keen attention.

MR. LUIS CHAN

Mr. Luis Chan hung several oil paintings and water colours. In the former "Christ Church, Kowloon Tong" was among the best but on the whole his oils were not very effective. There was a richness of colour but somehow the effect was lost. But in his water colours this artist led one to the conclusion that all of them were studies gained at first impressions, that is, as the artist first saw his subject, and left at that. "Cleaning the Bottom" and "Boat on the Slipway" were among the better ones of his in this class.

Miss Helen Ho's two brushwork studies were neat and her work shows considerable promise.

Mr. Peter S. Leong had two splendid oils, "Asleep" and "Botanical Gardens" and a tempera and water colour, while Mr. Chau Kong-lee was responsible for three water colours, his best effort being "Cloud Study."

"THE LIDO"

Mr. George Arnold, who is a well-known exhibitor, had a pleas-

ing variety of work. His portrait sketch of Adrian, M.G.M. designer, was good. Mr. Arnold, too, is an impressionist. His study of "The Lido" was rather grotesque, but at the same time it held fascination for admirers. His photograph of a New York morning from the R.M.S. Queen Mary was one of the highlights of the exhibition. He also had several neat Kent scenes in water colours and one of Belgium.

Scenes of Hong Kong and the New Territories exhibited by Mr. G.H. Bond were very good his brushwork being neat and most impressive. In one study the artist had caught the effect of sunshine. His pastel, "The Red Pagoda" was attractive.

"STREET SLEEPER"

Maurice R. Brice, Miss Elsie Blanchard and Robert Freese exhibited several water colours of a moderately good standard. Mr. Brice's entries featured "Sampans Girl" and "Street Sleeper" while Mr. Freese had two Seychelles studies also "Sheshine Boy" and "Sampans Woman".

The work of Mrs. M. C. Franks was best conveyed in a good study, "Laughing Buddha" and "Dwell-ing".

Mrs. H. A. Mills had several oils among which "A Hong Kong view from Taihang Road" was outstanding. Her water colour flower studies were commendable also a Hong Kong road scene.

The portrait studies in oils and charcoal by Mrs. A. Tatz were good, the best being a charcoal drawing of the late Capt. N. Rojdestvin and a portrait of Mrs. M. Cunliffe in oils.

MR. F.S. NICHOLLS

In the field of pen and ink sketches the works of Mr. F.S. Nicholls excelled. His studies of Chinese junks of various designs and shapes formed an interesting series and his "On Lan Street" and "Soochow Creek" were very well executed. His also had many fairly good water colours. "Hong Kong by Night" was a really good effort and most effective, though his nude study was only fair.

Mr. A. Mitchell exhibited one or two nice Chinese junk studies but the majority of these and his scenes lacked that extra touch which makes all the difference between a good finish and an unfinished study. His pen work was a trifle scratchy.

The ivory carving by Mr. Chen Tze-yang was marvellous the intricate designs on the smallest of pieces of ivory being very praiseworthy. His was an exhibition on its own and commanded considerable attention.

Summed up, the Hong Kong Art Club exhibition was splendid.—E. MacN.

LOCAL ESTATE

Local estate sworn under \$12,200, was left by the late Mr. Thomas Hedge, who died on March 17, 1937 at Lyndhurst, Temple Close, Huntingdon, England.

An application by Mr. R. A. Wadson for sealing the certified copy of probate of the will, has been granted by the Supreme Court.

A "decree nisi" was made absolute on Saturday at the Supreme Court, Divorce Jurisdiction, by the Chief Justice, Sir Atholl MacGregor, on the application of Mr. M. SOCIETY FOR PROTECTION
OF CHILDREN

Governor Is New Patron

SOCIETY TO CO-OPERATE IN NEW
HOUSING EXPERIMENT

A meeting of the Executive Committee of the Hong Kong Society for the Protection of Children was held at the Supreme Court on Monday, November 19.

Fr. Guarona of the Salesian Order was unanimously co-opted to the Executive Committee.

The Hon. Treasurer reported that total receipts for the year were \$30,521, expenditure \$26,914 leaving a surplus of \$3,607.

The Hon. Treasurer drew attention to the fact that his own firm, Messrs. Percy Smith, Seth and Fleming were the auditors, he wished it to be minuted that he had drawn the Committee's attention to this fact so that a change could be made if necessary. The unanimous opinion of the meeting was that the audit should be carried out by Messrs. Percy Smith, Seth and Fleming as usual. It was announced that H.E. the Governor has accepted the Committee's invitation to become its new Patron.

The question was raised as to necessity for the purchase of padded quilts to be used under the babies in the colder weather, this expenditure was authorised provided if the quilts should prove necessary.

It was announced that the Society had been asked to co-operate in the new housing experiment now being carried out in Kowloon, in view of which any decision as to quarters for a second Branch Centre were postponed. It is hoped that when the work of the new scheme is in full swing accommodation may be found in one of their centres.

The Secretary said that the date chosen by H.E. the Governor as being convenient was December 13 and the annual meeting had been advertised for this date.

Hon. Sir Shon-son Chow consented to take the chair at the annual meeting.

POVERTY CASES

The case of a child, seven months old, who had been deserted

by her mother and was being cared for by her grandmother was considered. It is a case of extreme poverty. On the suggestion of the Inspector for the Branch Secretary applied for a hawker's licence for the grandmother; this was refused apparently without sufficient reason. The Secretary was asked to write to the Chairman of the Urban District Council to ask the grounds for refusal.

Another poverty case came up. A family of seven are in good health but the father asks for money to eke out his inadequate salary. In the opinion of the Committee there was no need to alter the present discretion which was vested in the Branch Secretaries to deal with these cases but mere insufficiency of income without signs of under nourishment or poverty did not justify the granting of relief.

The meeting then adjourned.

ALLEGED MENACES

Charged with demanding \$1 with menaces from J. Garcia, of 187, Wuhu Street, at the Kowloon City Post Office on Friday, Chan Kok-ming, 28, broker, appeared before Mr. C. B. Burgess at the Kowloon Magistracy on Saturday when, he was remanded till to-day.

RETURNED
BANISHEES

Two returned banishees were sentenced at the Central Magistracy on Saturday. Chui Hing, unemployed, was given a year's hard labour by Mr. R. Edwards for coming back after having been sent away for life in September this year. Ten months' hard labour was imposed on Keung Fat, aged 30, by Mr. R. A. D. Forrest, he having been banished on January 18, 1935 for ten years.

How to get rid of Disfiguring Blemishes

How much younger would you look and feel if your skin was clear and entirely free from blemish?

Pimples, spots, blackheads, enlarged pores, burning irritations and ugly complexion defects are woman's most common "ageing" enemies. To all who suffer, Cuticura presents the most simple and effective way to clear the skin.

Cleanse the skin with Cuticura Soap twice a day. Its luxuriant, mildly antiseptic lather is soothing and softening; washes away pore-deep dust and grime which develop blackheads, enlarged pores and ugly complexion defects. And to

rid the skin of pimples, outbreaks, rashes or irritations use Cuticura Ointment direct on the affected part before washing with the soap. Its antiseptic action kills germs, soothes and heals and quickly clears the skin.

Try this treatment to-day, see how your skin begins to look clearer and fresher; your complexion smoother, lovelier, more attractive than ever before.

ATTACKS ON AIR RECORD

"Previous Best" Beaten

London, Nov. 20. While Flying Officer Clouston and Mrs. Betty Kirby Green were speeding on the last stages of their Cape to England flight, an attempt to lower their Croydon-Cape record, just set up, was started to-day.

The two British fliers, who broke Amy Johnson's record only a few days ago, may see their record mark eclipsed by this fresh record-breaking effort.

The attempt is being made by Prince Cantacouzenle, who hopped off from Croydon at 12.38 this morning (G.M.T.) for Paris.

He arrived safely at Le Bourget and at 2.31 this morning, after refuelling his plane, took off again on his long flight to the Cape.

He hopes to reach Capetown in two hops.

GOOD PROSPECTS

Prince Cantacouzenle flew over Algiers at 7.25 this morning (G.M.T.).

Meanwhile, Flying-Officer Clouston and Mrs. Kirby Green have good prospects of reaching London this afternoon in time for tea.

They arrived at Marseilles at 11.20 and left before midday for Croydon, which they expect to reach at 3 o'clock this afternoon.

Meanwhile two famous French airmen hopped off to-day from Paris to Buenos Aires.—*Reuter.*

GREAT THRILL

Flying Officer Clouston and Mrs. Betty Kirby Green landed at Croydon at 3.22 this afternoon.

Huge crowds awaiting them had a great thrill when the plane four times circled the aerodrome at great speed, came within a few feet of the ground, again shot up into the clouds, and finally made a perfect landing amidst terrific cheers.

Both fliers were so tired they had to be lifted from the plane.

Time of the flight from Capetown was 57 hours 22 minutes, and actual flying time 42 hours 9 minutes. They broke H. L. Brooke's homeward record by over 384 hours.

The round trip took 77 hours 48 minutes flying time, and total time 5 days 17 hours 27 minutes, compared with Amy Johnson's previous record of 7 days 22 hours 42 minutes.—*Reuter.*

"REPREHENSIVE" CONDITIONS

Official Enquiry Into British Air Lines

London, Nov. 20. Composition of the committee for investigation of the allegations made in the House of Commons of "reprehensible" conditions now prevailing in British civil aviation, was announced by the Air Ministry to-day.

Chairman will be the Managing Director of the Anglo-Iranian Oil Company, Lord Cadman.

Other two members of the committee are the Permanent Secretary of the Treasury, Sir Warren Fisher and Sir William Brown, of the Board of Trade. The investigations will be held in camera, and only such measures as the Secretary for Air, Lord Swinton, takes, will be made public.

To-day's newspapers, however, are crying for a public investigation, and it is thought possible in some quarters that the Government may accede to this demand.—*Reuter.*

WITHDRAWAL OF VOLUNTEERS

Franco Accepts Plan

San Sebastian, Nov. 20. General Franco has accepted in principle the proposal to send a commission of enquiry to both sides in Spain in connection with the withdrawal of volunteers. A Note to this effect has been handed to Britain's representative. It is understood the Note makes certain reservations and asks for further elucidation on some points.—*Reuter.*

Utopia For Refugees

Ambitious Programme Of Philanthropists

Shanghai, Nov. 20. The creation of an agricultural Utopia in which the refugees from Shanghai may again find work, food and a haven from the war is the ambitious programme of a group of local businessmen and philanthropists, which they are preparing to launch.

With \$50,000 and 35,000 mow of fertile land in northern Kiangsu as working capital, the sponsors are ready to embark on the project, but the shifting of the war to the Taihu area is temporarily holding up the plan.

According to an official of the newly organised Shanghai War Refugee Migration Association, some 35,000 mow of undeveloped land near Kaochien and Linyang, farming centres near the Kiangsu-Anhui border, have been secured from the Kiangsu provincial government, which has promised to co-operate in the scheme.

For a start only 1,000 refugees, all able-bodied men and women, will migrate. They will be given ten mow of land each, while agricultural experts will try to introduce modern farming methods of fertilisation.—*Reuter.*

JAPAN'S ATTITUDE

To Nine-Power Treaty Still Undetermined

Tokyo, Nov. 20. A large body of public opinion in Japan is favouring revision or denunciation of the Nine-Power Treaty, but that does not indicate Government contemplation of denunciation.

This was the comment of a spokesman at the Foreign office in replying to foreign correspondents' queries in the matter.

The spokesman said he was not in a position definitely to state what attitude the Government would take towards the Nine-Power Pact in the future, but the Government did not intend to denounce it at present.

The spokesman said the statement or resolution of the Brussels conference had not yet been officially communicated to Japan. He added: "I cannot tell whether the Government will simply ignore it or not."—*Reuter.*

BRUSSELS TALKS REVIEWED

Paris, Nov. 20. The Foreign Minister, M. Yvon Delbos, to-day received successively M. Joseph Avenol, Secretary-General of the League of Nations, Dr. Wellington Koo, Chinese Ambassador to Paris, and Sir Eric Phipps, British Ambassador to Paris.

It is understood that at the meetings the Brussels Conference was discussed.—*Reuter.*

Swept ashore off the Chatham Road piers by the disastrous typhoon of September 2 last, the Chinese-owned steamer Eng-Loo was successfully refloated by Kowloon Docks tugs on Friday night between 8.30 and 9 p.m. The vessel is now berthed at a buoy off the west wall of the Kowloon Docks. The above picture was taken on the morning of the typhoon.

Baron Okura arrived in Rome to-day, and in an interview with Stefani, the Italian news agency, said:

"The people of my country have sent me to the Duce with the welcome task of making known to him the deep friendship of the Japanese for the Italians."

Madrid Under Terrific Bombardment

Paris, Nov. 20.
What may possibly be the prelude to the much-heralded large offensive by the Spanish Nationalists occurred this morning, when Nationalist batteries, silent for some time past, began a violent bombardment of Madrid.

Special target of the long-range guns was the formerly thickly-populated quarter of the city, where terrific damage is reported to have been done.

Some of the Paris papers carry reports to the effect that the coming battle on the Madrid front may see the first extensive use of poison gas.—*Transocean.*

WAKE UP AND LIVE

In "Wake Up and Live," which is showing at the Queen's Theatre with Walter Winchell, Ben Bernie and Alice Faye in the featured roles, Twentieth Century-Fox believes that it has the sweetest, hottest, most glamorous and glibly musical ever turned out by that studio.

"Wake Up and Live" offers not only the intriguing spectacle of the Winchell and Bernie feuding face-to-face, but also the singing, dancing and emoting Alice Faye, lovelier and more affecting than ever; the laugh-provoking antics of Patsy Kelly, Ned Sparks and Jack Haley; and nine smash song hits by those kings of songwriting, Gordon and Revel.

WINDJAMMER

"Windjammer" has its run at the Alhambra Theatre to-day.

The thrills of an exciting yacht race from California to Honolulu, the ramming and sinking of a yacht by a "windjammer" in dense fog, a rough-and-tumble fight between George O'Brien and William Hall, and the explosion of a contraband cargo of ammunition which blows a ship to bits, are among the spectacular episodes which make George O'Brien's new vehicle, "Windjammer," one of his most exciting screen dramas.

O'Brien departs from western roles for sea adventure in this new George A. Hirliman production for RKO Radio, filmed under Ewing Scott's direction.

GOOD EARTH

The dramatic story of China's teeming millions, their struggles, their hardships, and the intensely human heartbeat of the great and little known nation, is transcribed from Pearl S. Buck's epic novel and the stage adaptation by Owen Davis and Donald Davis to the talking screen in "The Good Earth," starring Paul Muni and Luise Rainer, and opening to-day at the King's Theatre.

Muni plays Wang Lung the farmer. His Chinese characterization in "The Good Earth" is one of his most outstanding feats. Luise Rainer plays the intensely dramatic role of the wife, O-Lan.

School Teachers Sentenced To Death

For "Maltreating And Undernourishing" Children

Moscow, Nov. 19.
Three school teachers, including a woman, have been sentenced to death in Leningrad for "maltreating and undernourishing" school children.

Eight others have been sentenced to from ten to twenty years' imprisonment on a similar charge. Witnesses declared that the teachers belonged to a Fascist group which wished to discredit the Soviet-education system.

It is alleged that children were whipped and kicked, locked up in dark basements and fed rotten food.—*Reuter.*

FIRST AID LECTURES

MR. LAU KING-TSING STARTS NEW CLASSES

Commencing tomorrow and concluding in the first week of January next year first aid and anti-gas lectures for Chinese boys will be given under the auspices of the Chinese Athletic Association, Division, St. John Ambulance Brigade. First announcement of this was made exclusively in "The Daily Press" on Saturday and to-day we furnish complete details regarding the programme, for which Mr. Lau King-tsing, Patron of the Division, and Vice-Patron of the St. John Ambulance Association, is responsible, both for the arrangements and sole financial support.

It is learned that up to the present 185 boys have been registered for the classes although when the idea was first mooted it was the aim of the organisers to enrol 160 youths.

Two classes have been formed and for the purposes of anti-gas demonstrations, the Fung Keong Rubber Manufactory have presented eight gas masks.

Registration closed on Friday and among the boys registered are some from Kowloon and a number from Shaokwan. Owing to the inability in procuring a 'site' it has been found impossible to establish a similar centre in the Eastern district.

Lectures which Mr. Lau King-tsing, who is also President of the Anti-Hero Society and Vice-Chairman of the Chung Sing Benevolent Society, has been solely instrumental in arranging, will be given gratis by Drs. T. C. Chow, P. S. Li, S. K. Lam, L. S. Shin, M. W. Shi, F. I. Tseung, and Messrs. Chak Tai-kwong, Corps Superintendent, and Se To Chung, Corps Officer. Dr. Tseung and Mr. T. K. Kwong will give lectures on anti-gas measures.

TWO CLASSES

The classes will be divided in a total of 80 members each and will be held at the Kwong Wah College, 1, Hollywood Road, second floor, while the anti-gas lectures will commence on November 27 to be followed by two more on December 4 and 11. The anti-gas classes will be held at the Sal Nam College, 1, Oaklands Path.

Mr. Lau will personally attend the opening nights of the first-aid lectures to-day and to-morrow, and will give an address.

CHINESE HOLDING STRONGLY FORTIFIED POSITIONS

Shanghai, Nov. 20.
Chinese reinforcements are pouring into the Soochow area to stem the Japanese onslaught according to Chinese reports, which add that the Chinese forces, backed up by the fresh troops, are putting up a grim stand in an effort to prevent the defence line on the east bank of Lake Taihu being shattered.

Chinese troops last night, reports state, were still holding strongly fortified positions with Soochow, Wukiang, Chapoo and Pinghu as the centres, where brisk fighting is in progress.

Meanwhile Chinese reports claim that Chinese troops are still defending Kashing, although they admit that the railway station has been captured. However, concern is expressed for the Chinese defenders of whom no news has been received for many hours.

Last dispatches from this front said that several fires had broken out and the Chinese forces were fighting grimly with their backs to the lake, west of the city.—*Reuter.*

**DOWNFALL OF
CIVILISATION**

Animated By The
Desire For War

Paris, Nov. 20.
The Foreign Minister, M. Yvon Delbos, explained French policy in regard to Spain and the Far East in the Chamber of Deputies yesterday.

Before M. Delbos rose to speak, a Leftist demand was made for opening of the Pyrenees frontier, while from the Right Wing benches came a request that France not give way to Germany's colonial demands.

M. Delbos declared:
"Whenever relations between countries become strained, there exists the danger of war."

"It is necessary to prevent such conditions from arising, and for this reason we are striving to give stronger authority to Article XVI of the League Covenant."

"War would spell the downfall of civilisation, and it was this strain of thought that led to consolidation of Anglo-French friendship."

"Although this does not mean that France and Britain will necessarily always adhere to the same course, nevertheless the agreement we have reached is one of profound character."

"World appeasement can best be served by facing major problems in a spirit animated by the desire to do justice all round."

TO MAINTAIN SOLIDARITY

Turning to the Sino-Japanese conflict, M. Delbos said: "We have to bear in mind three points."

"Firstly, we have to fulfil our obligations as a member of the League of Nations."

"Secondly, we have to take into account the special nature of French interests in the Far East, and"

"Thirdly, we have to maintain solidarity with Britain and the United States of America."

"A joint resolution will be drawn up in this nature at Brussels on Monday."

The Minister then dealt with non-intervention, saying that he wished to stress the fact that it was due to the non-intervention policy that peace had been preserved during the last sixteen months.

The French Government had the dual task of supporting non-intervention and working for establishment of perpetual peace.

"For that reason I am leaving shortly for Warsaw, Bucharest and Prague," he concluded.—

London, Nov. 20.
His Majesty's Government in the Commonwealth of Australia recently invited the Government in the United Kingdom to nominate a member of the Cabinet to represent them on the occasion of the celebrations at Sydney of the 150th anniversary of the first settlement of Australia.

His Majesty's Government in the United Kingdom have been very glad to accept the invitation and Earl De La Warr, the Lord Privy Seal has been asked and has agreed to be their representative.

Lord De La Warr is leaving London for Australia on December 17 but owing to pressure of public business, will only be able to pay a short visit. He proposes to return from Australia by air, leaving at the end of February.—

**Hitler Voices Germany's
Desire For Peace?**

Berlin, Nov. 20.
During his five-day visit, Lord Halifax has met practically every one of consequence in present day Germany and it is believed he is satisfied with the political atmosphere his visit engendered. Well-informed circles consider it probable that Herr Hitler, during the conversations, stressed Germany's desire for peace and preference for a bilateral agreement rather than extensive international pacts. German circles opine that further developments can be expected from the conversations. A notable feature of the press references to Anglo-German problems is the almost total eclipse of the colonial question. The "Berliner Tageblatt" states that "great practical results could not be expected of this talk which was only of an informative character but it is worth while emphasising again the satisfaction felt in Germany over the fact that these talks should have been possible at all."—

**LATEST PARIS
SENSATION**

Discovery Of Time
Bombs In
Fortified Cellars

Paris, Nov. 19.
The discovery of time bombs, with an electrical contrivance, and 100 grenades, carefully hidden in fortified cellars in Rue Ribera and seized by the police, is the latest sensation in the so-called Cagoulard (Hooded Men) movement, which is keeping the police busy throughout the country.

The sinister movement has been proved to have far-reaching ramifications and many of its devotees are known to be former members of the banned Camelots du Roi organisation, but the authorities are still in the dark regarding how the movement is financed, who are the ring-leaders, and what is their real aim.

Hitherto 700 persons have been questioned and over 450 buildings searched in a countrywide co-ordinated police campaign. Information gathered from these investigations suggests that outside of Paris the movement is strongest in the Dieppe region.

Several hauls of ammunition have been made in raids on unpretentious premises; for example riverside warehouses and an antique dealer's shop in the Latin quarter where a bag, including 45 machine-guns, 150 rifles, 20,000 cartridges and war material, was made.

Hidden cellars in most of the establishments are reached through concealed doorways. Newspapers state that clandestine wireless transmitters have been discovered, together with over 200 powerful sets and apparatus, some near the air ports, the frontiers, the sea ports and barracks.

M. Comille Chautemps, the Premier, is in conference with M. Max Dormoy, Minister of the Interior, who is keeping in close touch with police activities.—

**HALIFAX-HITLER
CONVERSATIONS**

Berlin, Nov. 20.
It is understood that the informal conversations between Lord Halifax and Herr Hitler and the German Foreign Minister, Baron von Neurath, reached a point at which there is a reasonable hope that they may be translated to more official channels.

German circles appear to be very satisfied with the trend of the discussions, and it is officially stated that Lord Halifax has invited Baron von Neurath to visit England to continue the talks. No date has yet been fixed for the visit.

Lord Halifax, accompanied by Baron von Neurath, arrived in Berlin this morning after his conference with the Fuehrer at Berchtesgaden yesterday.

He is meeting General Hermann Goerring to-day, and will preside at a dinner given to German officials by the British Embassy to-night.—

**STRATEGICAL
IMPORTANCE
OF HAINAN**

Alleged Transport Of
Munitions To China

Discussed In Paris Press

Paris, Nov. 20.
French transport of munitions to China from Indo-China, which a few days ago is alleged to have caused Japanese representations to be made, is extensively discussed in the press.

"L'oeuvre" and "Echo de Paris" both report that France has demanded Japanese assurance that no troops will be landed on Hainan Island but that such promise has not been given.

"Echo de Paris" states that Britain is also aware of the potential danger of a Japanese occupation of Hainan, and has taken similar steps.

The strategical importance of Hainan, which commands the sea routes between Indo-China, Hong Kong and Singapore, is emphasised.

DESIRE FOR MODERATION
Up to the present, according to the press, no Japanese troops have been landed on the island, but about 20 Japanese ships are lying at anchor in the near vicinity of Hainan, on which are about 30,000 Chinese.

Concerning the controversial subject of munitions, "Echo de Paris" says that after Oct. 13, the French authorities decided to discontinue transport of war material from Indo-China on the Yunnan Railway.

In contrast to this assertion "L'oeuvre" says that the French viewpoint in all the recent Franco-Japanese deliberations has been that as long as no official declaration of war has been made, Japan is not entitled to interfere with the transportation of material to China.

Japan, it is declared, agreed with this viewpoint but reserved the right to destroy the munitions as soon as they arrived on Chinese soil.

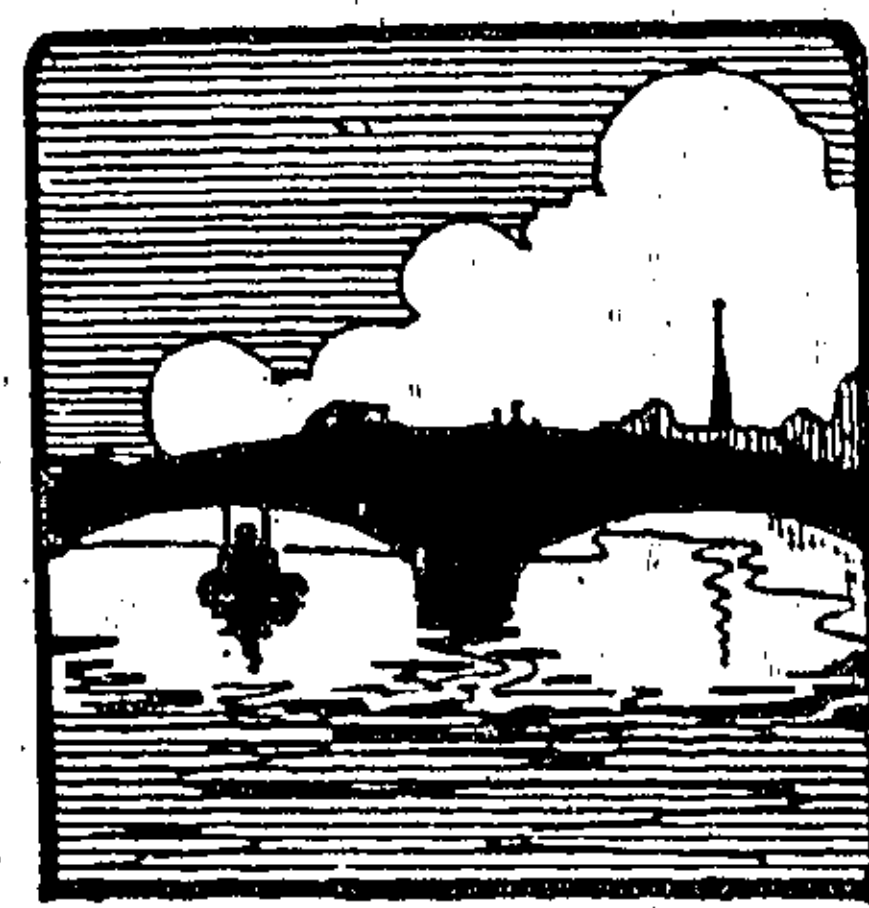

France is further said to have assured Japan that transports on the Yunnan Railway have not increased above normal.

"Echo de Paris" expresses the hope that the direct interests of France and Japan will not come into conflict, and emphasises that Japan has been given ample opportunity of recognising the French desire for moderation and calm.—

These vessels belong to the Second Tribal Flotilla of nine destroyers ordered in June, 1936. They will have a displacement of 1,850 tons, a maximum speed of about 36 knots, and will be armed with eight 4.7 in. guns, eight smaller guns, and four torpedo tubes. The Ashanti is the first ship to bear this name in the Royal Navy.

COMMAND OF THE DUNEDIN

Captain H. B. Crane, who has been appointed to command the cruiser Dunedin on her allocation as a torpedo-bomber target vessel, was promoted in June last.

DANCE DISPLAY REHEARSAL

Violet Capell's Pupils

The dress rehearsal for Miss Violet Capell's annual dancing display went off without a hitch yesterday morning at the King's Theatre. All the nineteen items on the programme were gone through in excellent and efficient manner, and the whole gives promise of a fine show on Wednesday.

The older girls, who include Misses Violet Spradbury, Stella and Helen Ho, Mona Shand, Florence McKelvie and others, show remarkable evidence of Miss Capell's thorough training in all their steps and movements, but it is perhaps in the way in which the very young ones go through their dances on the stage that the teacher is deserving of high commendation. Many novel dances are being presented, and the costumes worn are also sometimes very strikingly original.

The display takes place at the King's Theatre on Wednesday, November 24, at 5 p.m.

THE TRADE PACT

The announcement in the House of Commons on Thursday last that a new stage had been reached in the much discussed Anglo-American trade agreement was received with undisguised gratification in all parts of the Empire, coming as it did in the form of an answer to the many malicious rumours that though to all outward appearances Great Britain and the United States of America were on the best of terms, the parting of the ways insofar as mutual help in issues that gravely affected their respective interests had come many years ago.

The attitude of the United States towards the Spanish civil war was, and still is, aloof. The same might have been said of her views in regard to the Sino-Japanese conflict until President Roosevelt made known the stand of his Government in his memorable speech at Chicago. Up till that time there were certain Powers who imagined that they could do as they pleased both in Europe and the Far East owing to the lack of Anglo-American cohesion. Japan, of course, mistook America's delayed statement as disinterestedness—that the United States cared not what happened in the outside world so long as her own house was in order. But then Japan is always making mistakes.

To return to the Anglo-American Trade Agreement. Mr. Cordell Hull, the United States Secretary of State, has issued an invitation to submit suggestions to the State Department concerning what products should be included in the treaty. This, it is to be noted with satisfaction, is the first formal step towards the conclusion of the Anglo-American Trade Agreement and is the climax of over a year's exploratory work by the two Governments concerned.

Negotiations will not be started for a few weeks but the very fact that they are going to start has put a different complexion on the whole outlook on the world situation. From a reliable source it was stated that there was good reason to believe that the British Government acting in conjunction with the various Dominion Governments, has probably consented to give equal treatment to certain American products as that which is at present accorded to goods under the Empire Preference scheme in the belief that more intimate commercial ties between Great Britain and the United States would set an example to other nations to join in a general movement for the reduction of world trade barriers. It was four years ago that Mr. Cordell Hull, described as one who lacks colour and is devoid of showmanship, first mooted the idea of the "unconditional most-favourable" reciprocal trade agreement and ignored four years ago his economic policy now looms as the most constructive international undertaking that is being done in the world to-day.

The effects of this Anglo-American Trade Agreement will be far reaching, as any pact between the two leading nations must be. There are some, too, who feel that the Anglo-American

If Gossip We Must

(BY ELSPETH)

The gardens of Flagstaff House were transformed into fairyland on Tuesday evening when Major-General and Mrs. A. W. Bartholomew were at home to a large gathering. Coloured lights enlivened the grounds and the band played delightfully.

Mrs. Bartholomew, who received the guests with General Bartholomew, wore a long dark cocktail dress with a becoming large hat. It was difficult to see what people were wearing in the dim light and as the crowd rather tended to congregate in one or two places one did not circulate as freely as is usual at cocktail parties.

Mrs. N. L. Smith wore a long frock in a pale colour and brought her daughter, Miss Judith Smith. Mrs. Dicken looked strikingly soignée. She has an unerring eye for colour and usually chooses un-

usual and delightful shades. Pretty Mrs. Weldon looked charming in black with touches of white and affected a most amusing black hat trimmed with long white streamers.

Mrs. Gambler, who is an attractive newcomer to the Colony, wore a lovely evening dress in dark print. Mrs. Turner, who always wears delightful clothes, had an infinitely becoming black dress. I saw Miss Potter in a lovely shade of green and Mrs. McAvoy who had an amusing striped dress and a large black hat, was talking to an attractive person in a pale print frock. Mrs. Bousfield had chosen a becoming shade of dark red.

It was nice to see Captain Hawthorn back again after his leave. There were masses of other people present but the crowd was so

dense and the soft lights were so dim that it was impossible to discover what they were wearing. It was a heavenly evening and one felt too content sipping one's cocktail and listening to the band to bother to be strenuous and observant.

FAREWELL PARTY

Paymaster-Commander A. R. Thatcher introduced an unusual note of levity into the Ladies' Room of the Hong Kong Club last Wednesday when he chose it as the milieu of his farewell cocktail party. I had been to another party first so I arrived rather late and some people were already leaving.

I saw Mr. Tinson chatting vivaciously to a group of friends. Mrs. Neale, who is a lovely person, was in an unusual shade of green with a provoking little hat of the same colour. Miss Whitley had a long white quilted coat over her dark dress. Mrs. Robertson, looking charming, was also in a dark frock. I saw Miss Tullow talking to her host. She wore a lovely brocade tunic which was most effective. Mrs. Ralston, talking animatedly, was surrounded by friends. Mrs. Cock had topped off her attractive afternoon dress with an original turban. Mrs. Gerrard, who is always so exquisitely turned out, brought her pretty daughter, Heather, looking ethereal in a long black evening frock. She was chatting to Miss Judith Smith who had chosen a becoming shade of blue.

Pay-Commander Thatcher is a charming person with his unfailing cheerfulness and good nature. He will be much missed by a large circle of friends.

WORLD DEVELOPMENTS

(November 21, 1937)

The world to-day is in a sad and sorry plight. Economic ferment and political upheaval have in the past few years brought many countries such disaster and suffering that a serious conflict involving all nations has seemed to be inevitable. The consequences of such a catastrophe defeat the imagination, and the prospect is, indeed, disturbing. The established leaders of peace-loving countries have sought to stave off this Armageddon, but their efforts at settlement of the world's problems have so far only drawn us dangerously closer to it.

What, then, can save humanity and bring peace? Change of leadership or change of attitude appear to thinking men to be the only possible solutions. The first course, it need scarcely be pointed out, is of its own fundamentally perilous and is even more so in the present explosive atmosphere, and hope rests, therefore, solely in the alternative.

The necessity for such a change has not been completely lost to some statesmen, but they have hitherto wavered and lost much valuable time. It comes as a great relief to all, therefore, to observe that the first steps along this road have at last been taken by certain governments.

Viewed from this standpoint, the most important contribution towards an improvement of the world situation is the lessening of tension over the Spanish question. This was war never in the true sense a national affair; it has given rise to an international controversy of far-reaching proportions.

Great Britain has been the first country to realise that a successful settlement of this controversy is the first essential in the attempt to lead the world back to ways of law and order. Her greatest concern is not in Spain but in the maintenance of the Mediterranean sea-route, but she has had reason to be suspicious of Italy's motives. Now she is apparently satisfied with the Italian assurances that the latter's actions in Spain and Libya were never meant to be a warlike challenge, but only intended as a wedge to gain ear to proposals for settling the African question consequent upon Italian penetration into Africa.

The British Plan, aimed at the withdrawal of active participation in Spanish affairs by intervening Powers, has done much to solve the problem. Even Russia, which has sought to arrest the development of the Fascist idea in Spain, has seen fit to agree in order to alleviate the position. No doubt Russia considers the Japanese threat in the Far East of greater moment than the European problem, but as a matter of fact this seems to be the common view of all Western Powers, including Italy and Germany, in spite of the triangular agreement these countries have concluded with Japan.

Germany, which has a colonial complaint of her own, is vastly encouraged by Britain's change of temper, and no doubt Herr Hitler will have discussed with Lord Halifax during the latter's visit some of the things that are causing dissatisfaction, including, it may be presumed, the possibility of revision of League Mandates.

If a genuine Anglo-Italian-German understanding is arrived at, one of the greatest barriers to peace will have been removed. It will lead eventually to the return of Germany to the League, and also serve as a strong deterrent to Japan.

Another notable development, the significance of which may easily be overlooked, is the "unconditional most-favourable-nation reciprocal trade agreement" policy of the United States Government. Time was when America, in common with other countries, sought protection in high tariffs, but she now realises that if other nations are to buy her goods she must also permit them to sell her goods of their own. This is an eminently sensible way of trade bargaining. She has already concluded agreements with a dozen countries, including Canada, France, Belgium, the Netherlands, Brazil and others. The method is immensely successful not only in encouraging trade all round but also in forming new bonds of friendship and fair play.

The Ottawa Agreement was more or less based on this principle, but it was confined to the British Empire alone. Britain has now received an invitation from America to negotiate a trade agreement on the same broad lines, and doubtless other British Dominions will later be asked to do the same.

The point most evident in this connection is the recognition of the necessity for organisation and planning based on honest co-operation. International planning, with a greater extent of this co-operation and less cut-throat tactics, will serve to heal many of the world's economic ills.

Trade is something much more than a trade agreement, so much so that before very long the other European Powers will rally round the two leaders of world opinion and then the prospects of stability in the Far East would be very much more brighter.

EVER THE OPTIMIST

JAPAN ANTICIPATES CHAMPAGNE DINNER

Shanghai, Nov. 21.

The virtual collapse of the Chinese "Hindenburg Line" has aroused optimism as regards the prospects of an effective resistance in the Wush-Kiangyin front where the bulk of the Chinese forces between Soochow and Yangtze are reported to be withdrawing with the Japanese infantry in hot pursuit aided by aeroplanes bombing the Chinese positions.

Japanese circles are now openly anticipating a champagne dinner in Nanking to usher in the New Year.

CHAMBER MUSIC CONCERT

Enjoyable Affair At Peninsula Hotel

Organised with the object of raising funds in aid of International Medical Relief, the concert of chamber music given in the Rose Room of the Peninsula Hotel last night was a most enjoyable affair. It is to be regretted that the attendance was not bigger, but the audience, though small, was a highly appreciative one, and did not fail to express the evident pleasure it derived from the various items.

Miss Frie Lewis, who took part in two trios and a sonata for violin and piano, played extremely well. As a keen and very able contributor to local musical events, she has considerably enriched our feeble musical life.

It was quite a long time since we last heard Mrs. Hilda Arnold, and it was exceedingly pleasant to see that her playing showed such considerable improvement. Mrs. Arnold will do well to pay special attention to her cavata, which is still a bit hard, but we have no hesitation in saying, however, that she is developing into a really first-class cellist.

The piano parts were in the capable hands of Mr. E. O'Neill Shaw, who also accompanied the vocal items rendered by Eva Turner and Mrs. Helen Lockhart. Mr. Shaw is a pianist of no mean ability, and his musicianship is eminently sound. He afforded excellent collaboration to Miss Lewis and Mrs. Arnold.

The programme was as follows: 1. Trio in E Flat Major, Op. 40—Brahms. (Violin, cello and piano).

2. Songs. (a) "As when the dove" from "Aids and Galathea"—Handel; (b) The Modest Heart—Hugo Wolf; (c) A Little Folk Song—Schumann; (d) Hark, the Echoing Air—Purcell. (Eva Turner, soprano).

3. Sonata in F Major, Op. 8—Grieg. (Violin and piano).

4. Concerto for cello in D Minor (1st Movement)—Lalo.

5. Songs. (a) Do not go, my love—Hageman; (b) Silver—C. Armstrong Gibbs; (c) Nod—C. Armstrong Gibbs; (d) Wood Magic—Martin Shaw. (Helen Lockhart, contralto).

6. Trio in C Minor, Op. 32—Gretchaninoff. (Violin, cello and piano).

Anglo-American Trade Pact "Pushed Forward To Cover Brussels Debacle"

WASHINGTON, NOVEMBER 20.

THE WEEK OF SPECIAL SESSION OF THE CONGRESS DID NOT YIELD ANY CONSTRUCTIVE MOVE. THIS UNSATISFACTORY PROGRESS IS ATTRIBUTED TO THE MANOEUVRING FOR AND AGAINST PRESIDENT ROOSEVELT'S FOREIGN POLICY.

WIDESPREAD DISGUST IS SHOWN BY THE CONGRESS AT THE OUTCOME OF THE BRUSSELS CONFERENCE AND THE FAILURE OF THE OTHERS IN DECLARING THAT ALL DEMOCRACIES WERE TO BLAME FOR NOT TAKING A STRONGER LINE.

LOBBY COMMENT SUGGESTS THAT THE ANGLO-AMERICAN TRADE PACT WAS PUSHED FORWARD TO COVER THE BRUSSELS DEBACLE IN ORDER TO GIVE THE PUBLIC SOMETHING TO THINK ABOUT INSTEAD OF THE FUSILLANIMOUS RECORD OF BRUSSELS.—REUTER.

Heavy fighting is going on along the North Bank of the Yellow River on the Tientsin-Pukow Railway with Chiao Shan opposite Lukow as the theatre of the struggle.

WOMEN AS SPIES

Swatow, Nov. 21.

Japanese agents are active in the interior to induce poor people and ruffians to go abroad, when in fact they are taken to Formosa to undergo training to be spies. Many have gone to Taihouku when they were under the impression that they were on their way to Singapore or the Dutch Indies.

Good looking women are also induced to go to Formosa to master the art of spying. A certain Japanese couple formerly of Canton are now in charge of recruiting female agents.

UNRELENTING PUSH BY JAPANESE

Shanghai, Nov. 20.

Soochow, key point of the Chinese defence, has fallen according to Japanese reports received in Shanghai this morning.

Despite heavy rainfall, the Japanese forces continue to press through the Chinese left flank, while the Japanese troops advancing in the centre claim to have entered Soochow. This probably marks the collapse of the Chinese Hindenburg Line, but the Wush-Kiangyin front is probably strongly held and is already man-

BETTER AIR SERVICE

K.N.I.L.M. Expansion

The maidenflight on the new line of the K.N.I.L.M. (Royal Netherlands Indies Airways), which connects Batavia (Java) with Macassar (Celebes) was preceded by an experimental flight on September 20, when representatives of the Java press were invited. Articles published in their newspapers clearly show the importance they attach to this new air connection.

Not only is Macassar now included in the air routes of the K.N.I.L.M. but a new, quick connection is established between Java and South-Celebes.

FOR BUSINESS MEN

A feature of this new air connection—very important to business men, travelling from China to Java or vice-versa—is the direct inter-connection of the J.C.I.L. steamers with the K.N.I.L.M. line. Passengers, travelling from China to Java are able to connect on the day of their arrival at Macassar on Wednesdays with the plane of the K.N.I.L.M. and proceed thence to Java.

Similarly, Northbound steamers from Java to China-Japan, sailing from Sourabaya on Mondays, and from Macassar on Wednesdays—make a direct connection with the K.N.I.L.M. plane arriving in Macassar from Java also on Wednesdays.

The Service was started on the 27th of September and will be operated with Douglas DC-2 planes, by which one can travel from Sourabaya to Makassar in 3 hours and 15 minutes.

Happy Eve Wins Hong Kong St. Leger

Wild Life Shows Field Clean Pair Of Heels

HARVEST VIEW RETURNS DAY'S BIGGEST DIVIDEND

THE ELEVENTH EXTRA RACE MEETING HELD AT THE RACE COURSE YESTERDAY WAS A VERY SUCCESSFUL ONE, FEATURED AS IT WAS BY EXTREMELY GOOD SPORT. THE FINISH IN THE HONG KONG ST. LEGER, THE SECOND RACE ON THE PROGRAMME, WAS ONE OF THE BEST SEEN IN THE VALLEY FOR MANY A LONG DAY. IT WAS WON IN GRAND STYLE BY HAPPY EVE, WITH MR. F. MARSHALL UP. THE SECOND PONY WAS EXPANSION TIME (MR. S. C. LIANG) WHICH WAS ONLY A SHORT HEAD IN FRONT OF THE SECOND STRING FROM THE EVE STABLE—HAVOC EVE WITH MR. NORMAN DEITZ ON THE SADDLE.

In the fifth race of the day Bobniak Star, ridden by Mr. S. C. Liang, sustained, it is learned, a broken leg, throwing the jockey heavily. Mr. Liang escaped with a bad shaking but the pony had to be brought back to the stables in the ambulance box and later destroyed. The most successful jockey of the day was Mr. Donald Black who had two firsts while Mr. Dunbar headed the owners' list with two wins. The Derby Day-Yum Sing combination paid only \$31.70 for the Daily Double while the biggest dividend of the day was paid by Harvest View (Mr. Y. T. Fung) who returned \$81.90 for a \$5 bet.

CASTLE PEAK HANDICAP

One of the best finishes seen in Happy Valley for many a long day was provided in the Castle Peak Handicap when Wild Life (Mr. D. Black) finished with an excellent burst of speed to win the Castle Peak Handicap from Gladiator (Mr. F. Marshall) who was a short head in front of Bear Claw (Mr. S. L. Yuen). The finish was very thrilling, the issue being in doubt till the very end.

Oak Bay (Mr. W. H. S. Davis) and Gladiator ran side by side for three parts of the race but after the race was passed Bear Claw moved up and ran together with the two leading ponies. Then at the Distance Post Wild Life came up like a streak and challenged the leaders strongly, eventually winning by a head.

1.—Castle Peak Handicap (1 Mile). Mr. L. Dunbar's Wild Life, 153 lbs. (Mr. D. Black) 1. Mr. Eve's Gladiator, 146 lbs. (Mr. F. Marshall) 2. Mrs. Dunbar's Bear Claw, 163 lbs. (Mr. S. L. Yuen) 3. Won by a head, short head between second and third.

Time: 1:55.1. Pari-mutuel:—Win: \$17.40. Places: \$5.10, \$5.10, \$5.10. Also ran:—Cossack's Beauty, 140 lbs. (Y. T. Fung); Oak Bay, 146 (W. H. S. Davis); Soldier of Britain, 140 (H. C. Pih).

HONG KONG ST. LEGER

The Hong Kong St. Leger resulted in an easy win for the much fancied Happy Eve with Mr. F. Marshall on the saddle. It was obvious from the very start that the result would be between the three ponies that filled the first three positions—and in passing it might be mentioned that the final positions were correctly given by "Last Quarter" in our issue on Saturday. There was nothing in the race as the first three ponies were far superior to the others in the race.

2.—Hong Kong St. Leger (11 Miles). Mr. Eve's Happy Eve, 156 lbs. (Mr. F. Marshall) 1. Mr. Li Fo-chun's Expansion (Mr. S. C. Liang) 2. Mr. Eve's Havoc Eve, 156 lbs. (Mr. N. Deitz) 3. Won by many lengths, short head between second and third. Time: 3:33.1. Pari-mutuel:—Win: \$6.10. Places: \$5.30, \$5.60.

BARRIER REEF HANDICAP

This was a sprint event over six furlongs and the field was bunched

together for the whole way. Home Brew (Mr. B. A. Proulx) had a night lead up to the Quarter-Mile Post but coming into the straight Double Finesse (Mr. H. C. Pih) shot out in front and finished strongly to win by a length and a half. Meanwhile Blandford (Mr. N. Deitz) had passed Home Brew to take second place.

3.—Barrier Reef Handicap (6 Furlongs)

Messrs. Yeung and Pih's Double Finesse, 146 lbs. (Mr. H. C. Pih) 1. Mr. Eu Tong Sen's Blandford, 147 lbs. (Mr. N. Deitz) 2. Mr. Waytang's Home Brew, 146 lbs. (Mr. B. A. Proulx) 3. Won by length-and-a-half, half-length between second and third.

Time: 1:17. Pari-mutuel:—Win: \$70.60. Places: \$18.30, \$27, \$29.30. Also ran:—Able Amazon, 146 lbs. (Mr. F. Marshall); Aztec, 130 (Mr. S. L. Yuen); Centre Court, 149 (Mr. W. H. S. Davis); Electron, 160 (Mr. S. C. Liang); Katinka, 142 (Mr. L. P. Ralph); Ranger, 142 (Mr. D. Black).

SHUM CHUN HANDICAP. Mr. Y. T. Fung, on Harvest View, made a fine race to win the Shum Chun Handicap, taking the lead from the time the barrier went up. He was followed by Vira (Mr. S. C. Liang) all the way but at the Distance Post the latter faded out of the picture. Boolat Bay (Mr. D. Black) finished with a fine burst to take second place and Jungle Jim (Mr. H. C. Pih) was third. Harvest View, incidentally, paid \$81.90 for a win.

4.—Shum Chun Handicap (First Section) 1 Mile. Mr. Lan's Harvest View, 168 lbs. (Mr. Y. T. Fung) 1. Mr. L. Dunbar's Boolat Bay, 161 lbs. (Mr. D. Black) 2. Mr. Lan's Jungle Jim, 140 lbs. (Mr. H. C. Pih) 3. Won by length-and-a-half, the same between second and third. Time: 2:00.3. Pari-mutuel:—Win: \$81.90. Places: \$12.70, \$3.80, \$3.80.

Also ran:—King's Lead, 162 lbs. (N. Deitz); Soldier of China, 150 (B. L. Tao); Tyne, 163 (S. L. Yuen); Vira, 161 (S. C. Liang). Betting Win. Place. Boolat Bay 1,124 334. Harvest View 159 189. NEW BRIDGE HANDICAP. Derby Day (Mr. S. W. Tang) won the New Bridge Handicap comfortably from Vixen Tor (Mr. L. P. Ralph) and Saucy Face (Mr. H. C. Pih). Eleven starters engaged in

the race and the field was bunched together for the most part. Even when the field came into the Home stretch the ponies were still bunched together and it was not till after the Distance Post was passed that it began to "thin out".

Bobniak Star was badly injured in this race when it stumbled and had to be brought back to the stable in the "box". Mr. S. C. Liang, the jockey, was badly shaken. He was to have ridden King's Jubilee in the following race but his place was taken by Mr. S. V. Tang.

5.—New Bridge Handicap (From the 11 Mile Post). Dr. S. N. Chau's Derby Day, 148 lbs. (Mr. S. W. Tang) 1. Mr. G. Tinson's Vixen Tor, 159 lbs. (Mr. L. P. Ralph) 2. Mr. Why's Saucy Face, 154 lbs. SHUM CHUN HANDICAP. Both Cordito (Mr. F. Marshall) and Commencement Bay (Mr. D. Amberley (Mr. Y. T. LOCAL RUGBY FOOTBALL. The absence of A. R. H. Butcher and J. L. Bonnar and several of their outstanding forwards made a great difference to the Hong Kong Rugby Club in their match against the Royal Navy at Causeway Bay on Saturday when after having a fair share of the play throughout most of the game, they lost by 12 points (two goals and a try) to six points (two tries). They contributed to their own defeat, too, in that many an opening was lost through faulty passing and poor understanding.

MIXED DOUBLES TOURNAY. Insufficient nominations have caused the Chinese Recreation Club to extend the closing date of entries for the Mixed Doubles Tennis Championship of the Colony, which is to be held under the auspices of the Club. The draw was to have been held yesterday but has been postponed for a week, as up to now only seven couples have sent in their names. A minimum number of ten is required.

SOCIETY BOWLS

St. Andrew's Defeat St. George's

ENJOYABLE MATCH

The annual Lawn Bowls match between St. Andrew's Society and St. George's Society took place at the Kowloon Bowling Green Club on Saturday afternoon. St. Andrew's won by 135 shots to 100.

At the conclusion of the match, Mr. G. S. Archbutt, President of St. George's Society, expressed his gratitude to the President, Committee and members of the Bowling Green Club for allowing the Societies to use their greens, and to the many ladies who watched the match for gracing the event with their presence. Mr. Archbutt declared that whoever was responsible for the greens should certainly be congratulated on their condition. He then called upon his wife to present spoons to the Scottish rinks.

Sir Atholl MacGregor, Chieftain of St. Andrew's, expressed thanks to the Club and to the ladies, and endorsed the remarks on the condition of the greens.

Sir Atholl called upon Mrs. A. Stevenson, wife of a past Chieftain, to present the St. Andrew's spoons to the St. George's players.

After this, Sir Atholl presented Mr. J. Henson, the refreshments convener, with a spoon as a tribute to his excellent arrangements, and called for three cheers for Mrs. Archbutt and Mrs. Stevenson.

Mr. E. V. Searle, President of the Bowling Green Club, said that he was only too pleased to welcome the two Societies.

Bouquets were presented to Mrs. Archbutt and Mrs. Stevenson by the little Misses Kathleen Hyde-Lay and Madeline Archbutt, respectively.

SCORES

The scores in the match were as follows:—

J. Fraser, J. A. R. Selby, J. C. Brown and A. Hyde-Lay (St. Andrew's) lost to P. E. Knight, S. M. White, G. H. Sherriff and S. Randle 19-25.

J. Watson, M. Ferguson, N. Drummond and A. M. Holland (St. Andrew's) drew with R. P. Phillips, E. V. Searle, J. C. Gill and C. B. Hosking 19-19.

A. Stevenson, W. Russell, W. Macfarlane and Sir Atholl MacGregor (St. Andrew's) lost to B. E. Maughan, R. O. Read, E. W. Lines and G. S. Archbutt 17-20.

A. S. Russell, J. Rodger, A. Macfarlane and A. Duncan (St. Andrew's) beat J. S. Howell, T. Coleman, E. Tuck and J. G. Meyer 30-4.

A. M. Calman, J. Kempton, J. C. Chalmers and R. C. Wallace (St. Andrew's) beat D. W. Waterton, E. S. Carter, G. E. F. Thompson and T. Armstrong 23-15.

W. L. Walker, J. Gellatly, W. Mair and J. McKelvie (St. Andrew's) beat A. E. Pearson, A. E. Silkstone, W. S. Drake and B. W. Bradbury 27-17.

St. Andrew's 135; St. George's 100.

LADIES' HOCKEY

A sensational collapse in the second half saw the St. Andrew's Ladies lose by four goals to one in their Caer Clark Cup hockey match against Hong Kong Ladies after leading by a goal scored early in this period. Actually in the first half the losers had quite their fair share of the game but this goal of Miss Gittins seemed to bring them luck. They had the lead for only a very short while before Mrs. Perrin equalised for the Hong Kong ladies and a little later the same player added another, while Miss Weddell and Miss Marsh each scored one more.

In the Brawn Cup series St. Andrew's Ladies beat the Seaforth Ladies by three clear goals and Recrio Ladies beat the Central British Association Ladies by one-nil, while the C.B.S. "B" team beat "Y" Ladies by three-nil.

The new German light-heavy-weight boxing champion, Adolf Heuser, beat the Swede, John Anderson, holder of the European light-heavyweight title, on a technical knock-out in the tenth round of their bout at the Berlin Sports Palace last night.

After having been sent to the floor for a count of nine in the eighth round, the Swede pluckily continued the fight, but the German landed several hooks which staggered his opponent, whose seconds threw in the towel at the end of the tenth round.

WORLD TRIP IN
18FT. BOATDriven Ashore On
English Coast

A man who was found asleep
 recently in a small boat which
 had drifted ashore at Aldeburgh,
 Suffolk, had, it was revealed,
 sailed alone from Australia to
 Latvia and was on his way back.
 His first voyage was made in a
 boat which he made himself.

Tossed about for days in a North
 Sea gale, the man, Mr. Fred Rebell,
 had declined aid from five steamers
 which passed him.

Reduced to exhaustion, he fell
 asleep off Aldeburgh, and the next
 thing he knew was that his boat
 had gone ashore. He made it
 fast to a telegraph post, then
 crept back into the boat and
 finished his sleep. He was found
 by beach patrol men.

Although Mr. Rebell had sailed
 the Pacific from Sydney to America
 and then to Latvia, leaving there
 on Aug. 10 to make Plymouth, his
 first call on the way back to
 Australia, he stated that he had
 not encountered anything like the
 tossing he experienced in the North
 Sea.

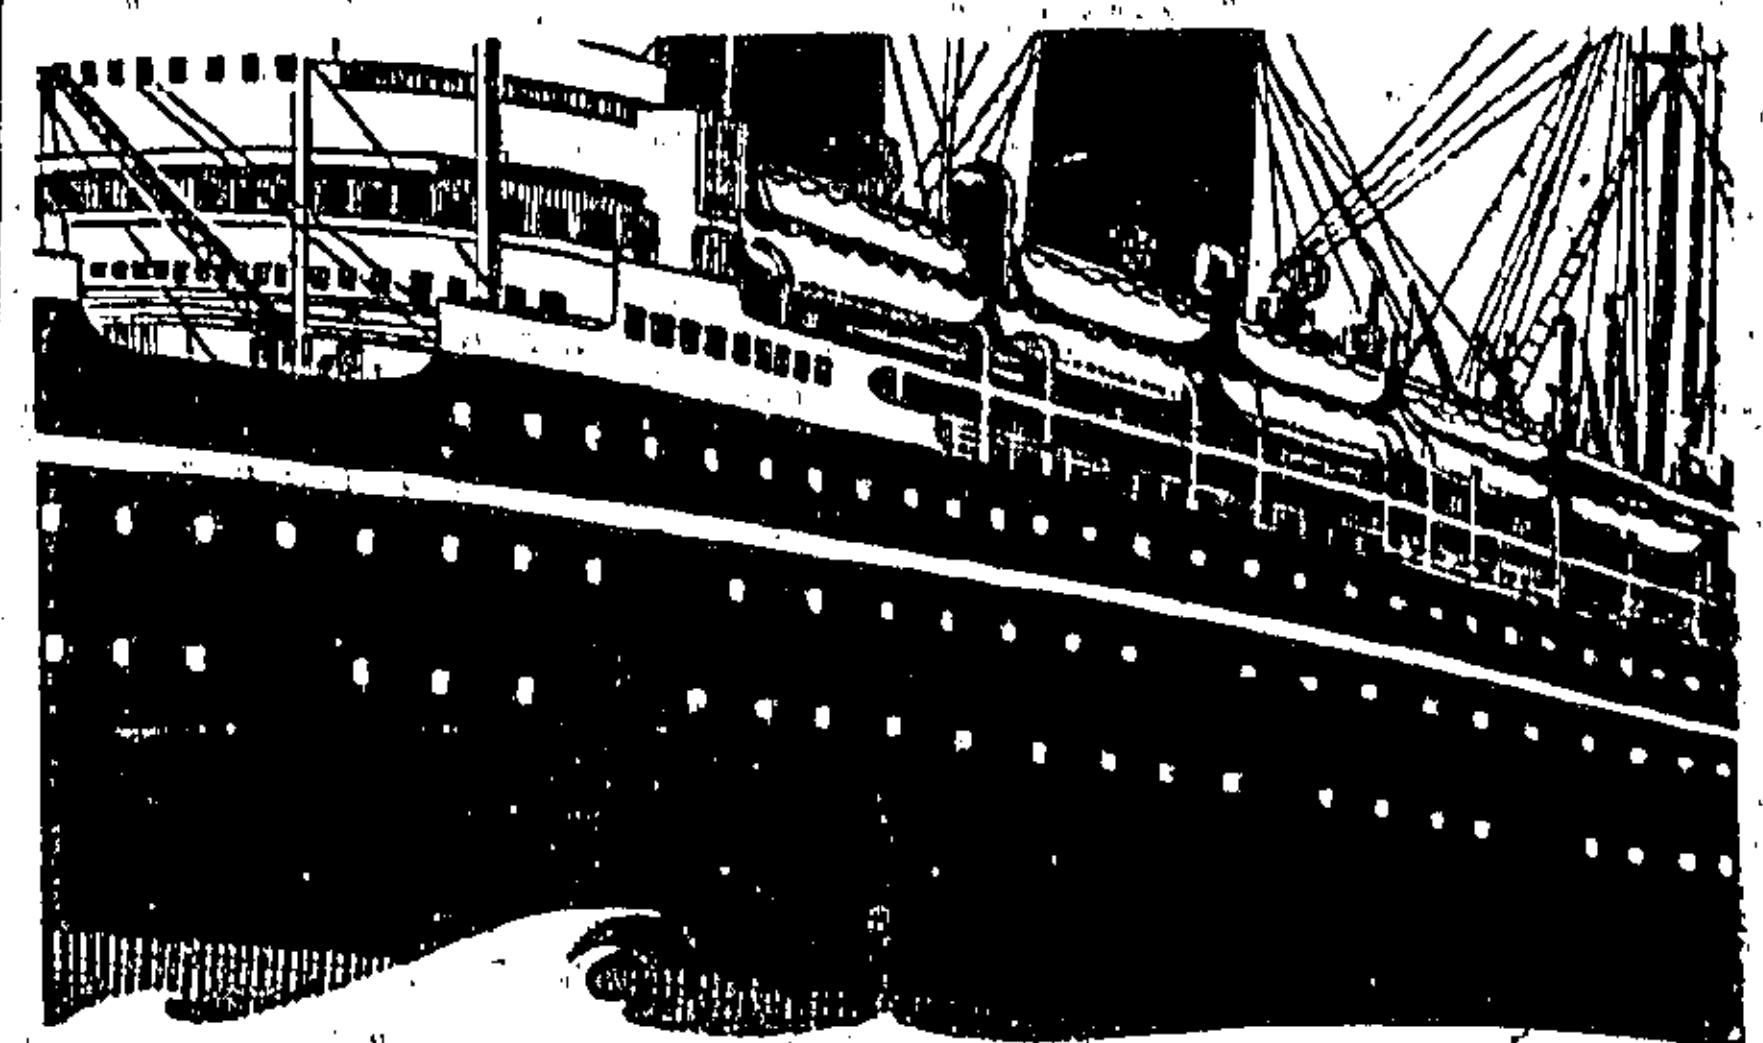

13 MONTHS' VOYAGE

Mr. Rebell, who was born in
 Latvia, settled in Australia some
 years ago. Anxious to see his
 parents, who were growing old, he
 built his boat and sailed from
 Sydney on Jan. 8, 1932. Months
 later he reached his home in
 Windau, Latvia, and while he was
 there his mother died.

"I allowed myself about 18
 months to get back to Australia,"
 he stated "I sailed through the
 Kiel Canal, intending to make my
 first stop at Plymouth."

"When I left Sydney Harbour I
 knew nothing of sailing or naviga-
 tion. I practised in the harbour
 and spent some weeks in the library
 copying charts. I made all my
 own nautical instruments, adapted
 a small clock for an indicator, and
 my compass was a small two-inch
 Boy Scout again, while my sextant
 was made of hoop iron."

For the voyage to Latvia Mr.
 Rebell used an 18ft half-decked
 centre board boat, the Elain, while
 at home he bought an old Latvian
 23ft fishing boat and built a deck
 on it. It is in this, the Selga,
 that he is making the return
 voyage.

THE LAW AND POLICE

St. John's Cathedral Annual Service

The annual Legal and Police service was held yesterday morning at St. John's Cathedral. The large congregation included many representatives of the legal profession and Police officers. The Chief Justice, Sir Atholl Macgregor, together with the Police Judge, Mr. R. E. Lindsell, attended in their full bottomed wigs, whilst Hon. Mr. T. H. King, Inspector General of Police, with Mr. C. G. Perdue, D.I.G.P., and other officers, were present in full uniform.

Rev. H. W. Barnes conducted the service. His text for the sermon was taken from Romans XIII (1): "Let every soul be in subjection to the higher powers; for there is no power but of God; and the powers that be are ordained of God."

"Those words were written by St. Paul for the eye of a larger company than the Church in Rome," he said. "He is addressing the whole Church on a point of urgent importance; their relations to the State and in particular their duty in paying taxes." "The powers that be" he says, "are ordained of God." Or, the de facto government is God-given and God-authorized. If you disobey it or one of its servants you disobey God. And who is the example whose name will be in all his hearer's minds at once? Who is God's agent, a terror to evil men but not to good, "a minister of God to thee for good"? Nero. Notorious, profligate, cruel, Nero.

GOOD CITIZENSHIP

"Many have tried to explain that away. Paul, they say, believed the end of the world imminent and is doing no more than tell them to obey their officers in a sinking ship. Others think he spoke with such studied vagueness that he was not committing himself to loyalty to any particular ruler but simply advocating good citizenship as part of a Christian's obligation. I believe Paul knew his readers would think at once of Nero."

"The powers that be are ordained of God." What is the point? It is this that even when such an inhuman wretch as Nero gets on the Imperial Throne God has no other means of governing the world in His own justice and righteousness and love than men themselves. That is the lesson of Jesus' standing before Pilate.

God made us all—gave our parents the power of generation in order that we might live well in a family of justice, love and excellence. Christ lived, died and lived again in order to make that purpose come true. Of that purpose the State is the guardian and trustee. Hence your responsibility as servants of the State and community is to God. And if you are responsible to God, it is also true that His honour and the good name of Christian civilization is in your hands. That is the justification of the very high standard by which the Judiciary and Police are judged.

TRADITION

Let me say then first that we do ourselves honour in honouring you, for you are ministers of God and agents of God, to us for good. We do not undervalue your calling nor forget your dignity. If there is criticism of the police or of members of the Bench or bar or legal profession it is bound to be searching because in the first place we know something of the tradition into which you enter, and in the second we look on you as trustees of our good order and of the justice of our social relationships, as those who facilitate our contracts and all the organized society of our life, and as the friends and guardians of all we hold most dear; we look on you as the ministers of God to us of all this good.

We should do better to recognise all that is Christlike in civil administration, and welcome it. When, for example, police safeguard freedom of speech and opinion, or aid the work of the Benevolent Society, or protect Japanese residents or rescue by arrest, deformed and exploited children obtaining hospital treatment, for them; when the magistrates work to place children in schools or jobs, or the courts and solicitors together seek to reconcile divided families, then the Lord's work is being done and Christians are glad.

If your work is the Lord's work, He who has commissioned you will not fail you. He will finish what He has begun.

H.K. AND CANTON SURGICAL UNIT

(Continued from Page 1)

The latest report from the Hong Kong and Canton Surgical Unit is that it is operating in the No. 4 Hospital of the International Red Cross Association; the old Athletic Stadium within the Settlement was converted for the purpose.

We understand that it is contemplated to despatch a part of the Unit for service elsewhere.

The Hong Kong and Canton Surgical Unit is mainly supported by the Hong Kong branch of the National Women's Relief Association by monthly maintenance, travelling expenses and medical supplies, and assisted by the following Associations in the way of medicine, medical supplies, dressings, patients' clothing, etc.: The Hong Kong Chinese Women's Soldiers' Relief Association, The Hong Kong Chinese Medical Association, The Hong Kong Sanatorium and Hospital, The Shamen Foreign Women's Unit, and the Chinese Young Men's Christian Association, of Canton.

PEAK LOITERER

Released from prison only two days previously, Sung Kwai, 28, unemployed, returned to his old haunts in the Peak district where he had committed a previous burglary, but was arrested by a Chinese detective before he could begin operations again. He was charged before Mr. R. A. D. Forrest at the Central Magistracy yesterday with loitering on the pathway leading to the servants' quarters of houses Nos. 151 and 152, The Peak.

Acting Sub-Inspector F. J. Clarke said the lane where Sung was found was very dark, and it would be very hard for him to find his way down to Aberdeen, as the man had professed was his intention.

Accused admitted having been sentenced to six months' hard labour for burglary in the Mount Kellett vicinity, and was sentenced to a month's hard labour on the present charge.

FERRY EMPLOYEE PUNCHED

Blackie Lee, 23, unemployed, was charged before Mr. R. Edwards at the Central Magistracy on Saturday with having assaulted Mohammed Syed, ticket collector employed by the Star Ferry Company at the Star Ferry wharf, Hong Kong.

The complainant stated that when defendant had passed the third class ticket office he noticed that Lee was carrying a dog. He asked him whether or not he had a permit for the dog to be taken over to Kowloon, and defendant replied in the negative. Lee then tried to push his way, past, and, when stopped, he punched Syed's mouth several times.

Lee pleaded he was assaulted first, and had only defended himself with his fists. He also stated that he did not know a permit was necessary for the removal of a dog to Kowloon.

He was fined \$5, and bound over in \$50 to keep the peace for six months.

BANKRUPTCY DIVIDENDS

The following dividends in Bankruptcy Jurisdiction are announced: In the case of Lam Chung-ye, merchant, a first dividend of \$7 per cent.

In the case of Choa Po-sien, retired compradore, a second dividend of \$2 per cent.

To claim the Grace of Him whom we acknowledge Lord is the whole plan of this service. Don't confuse it. You could see through a superficial attempt at amiability between the Law and the Church. I do covet a real, effective and exacting friendship between the Church and the Law. But our deeper purpose goes beyond that. It is to remind you of your ordination by God and of the standard of Christ by which you must be judged, and to claim for you in our prayers the strong hand of Christ as your Guide and King and Comrade. It is to remind ourselves of the obedience we owe to lawful authority and to pledge you the fellowship of this congregation. Again not fellowship of the surface but in Christ.

TALAMBA REFLOATED

(Continued from Page 1)

was adjacent to the salvaged liner's sunken bow, the rescue tug plying the Talamba with compressed air.

Dock officials, including Mr. B. Cock, M.B.E., Chief Manager of the Kowloon Docks, were early on the scene.

Lifeboats and other deck accessories had been removed from the Talamba previously when she was still hard aground.

The Talamba, which is a frequent visitor to the port, was built in 1924 by Hawthorn, Leslie & Co. Ltd., Newcastle. She is steel twin screw and is of 8,018 tons. Her length is 450 ft., 8 ins.; breadth 60 ft. 3 ins. and depth 29 ft. 7 ins. The local agents are Messrs. MacKinnon, Mackenzie & Company.

OTHER SALVAGES

Of the vessels that were driven ashore as a result of the typhoon of September 2 the Kowloon Docks succeeded in refloating the Conte Verde, Eng Lee, Emmy, Gerude Maersk, Bonneville and Talamba.

The Chinese ship, Feng Lee, ashore at Taiwan off the east wall of the Kowloon Docks, was expected to be refloated last night.

POPULAR OPIUM DIVAN

As a result of a raid on a house well-known to Revenue Officers, Pun Sul, 23, unemployed, was charged before Mr. R. Edwards at the Central Magistracy on Saturday with possession of prepared opium, and keeping an opium divan at No. 58 Wing Lok Street, second floor.

Senior Revenue Officer A. Grimmit stated that the house had been raided on many occasions before, and it was a well-known divan.

Pun was fined \$100, or two months' imprisonment, on the first count, and \$200 or three months' on the second charge.

AGED RECEIVER

A seventy-year-old woman appeared before Mr. K. Keen at the Kowloon Magistracy on Saturday on a charge of receiving stolen property. The case was one in which Yeung Hing, 30 unemployed, was charged with breaking into No. 37 Austin Road, on October 26 and stealing jewellery and clothing to the total value of \$578, and with him appeared his aged mother, Fung Chun.

Yeung was given three months' hard labour and the old woman bound over in \$100 for one year. His Worship treating her leniently because of her age. All the property, except \$80 worth, was recovered.
